Appeal for Donations for FCN

Introduction: Foundation for Children in Need, is a non-profit organization established in 2005 at Porumamilla, Kadapa District, Andhra Pradesh. FCN has made significant impact in helping the needy in India. Through the sponsorship program, FCN has provided education and assistance to thousands of needy students, elderly and physically challenged individuals, in Andhra Pradesh and Telangana. FCN has undertaken initiatives such as free corrective surgeries for poor children born with Cleft Lip and Cleft Palate. FCN supports individuals suffering with Muscular Dystrophy. FCN annually distributes clothing, blankets, school supplies, inspirational books and sewing machines to thousands of needy. During natural calamities and challenging circumstances, such as Tsunami, Hud-Hud and Covid-19, FCN has actively participated to provide care and comfort to thousands of needy persons and families.

Thanks to generous donors, we have completed the development of FCN Home, near Shadnagar, Hyderabad in 2019. This home currently serves 50 elderly and physically challenged individuals, with room for more, and has become a hub for various charitable activities, welcoming participation, donations from individuals, corporations and institutions alike. The work of FCN is noble, direct and an inspiration to many.
